EXPO REAL + WORLD OF HOSPITALITY = PURE SYNERGIES

Expo Real 2025

From 6-8 October 2025, Europe's largest real estate and investment fair will once again be the hub of the real estate industry. In 2024, over 40,000 participants from 75 countries and 1,778 exhibitors from 34 countries took part in the leading trade fair. The overall mood, particularly in the hotel industry, was 'cautiously optimistic'.

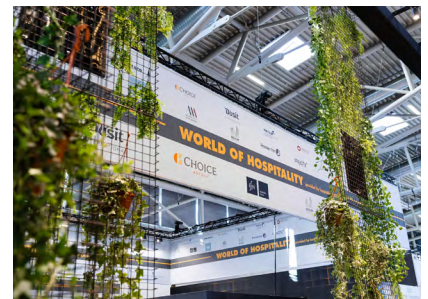

Finding the optimum

Since 2012, the hotel industry has been meeting at the World of Hospitality. A headstand and plenty of space for individuality at the neighbouring stand is also planned for 2025. With us, you will find top service, catering and meeting rooms. Furniture and stand construction elements are reused in a resource-saving way.

Varied and visible

The logos and co-exhibitors are placed in a highly visible position. The mix of operators, investors, consultants, lawyers and developers makes the stand an attractive meeting point. Further hotel exhibitors have set up their stands around the World of Hospitality. See and be seen – the distances are short at the World of Hospitality.

Exhibit, network & promote

The stand is part of our comprehensive exhibition concept. An informative website, high-quality networking events, special printings, advertising on the Expo Real pages increase the synergies with the joint stand and create an attractive, top-level networking and marketing platform.

Compact or customised

Below you will find our exhibitor packages, from a compact lounge table to a customised special area at the 'World of Hospitality' joint stand!

YOUR ADVANTAGES

- 1 Saves a lot of time during preparation and on site

Relaxed networking after a long day at the fair. We are happy to invite subscribers, partners and guests to a get-together. Information about this will follow in good time before the fair.

The proven guide for our visitors

PROFESSIONAL SERVICE

Reception

We answer questions, support visitor management, forward enquiries and coordinate the use of meeting rooms.

Networking

Relaxed networking after a long day at the fair. We are happy to invite subscribers, partners and guests to a get-together. Information about this will follow in good time before the fair.

Catering

Drinks, coffee and tea specialities, as well as finger food, are included in the packages for stand partners and their guests. For stand personnel, there is a different selection of dishes every day at lunchtime.

Tickets

One free ticket is included in each co-exhibitor package. Further discounted tickets are available in the online exhibitor shop.

Documentation/Fotos

A photographer will document the stand during the trade fair. We provide co-exhibitors with a selection of photos.

The Stand Concept

from 2 to 28 sqm

Our current planning provides for a large main stand and neighbouring secondary stands for a total of up to 30 co-exhibitors. Choose the package that suits you best from a wide range of workstations, bridge tables and bar tables. In addition, there are smart individual stands from 10 sqm to 28 sqm at the main and secondary stand with individual furnishing and branding according to company CI.

For details of the packages – see pages 8/9

We will be happy to advise you on which package is best suited for your company and which extensions are possible.

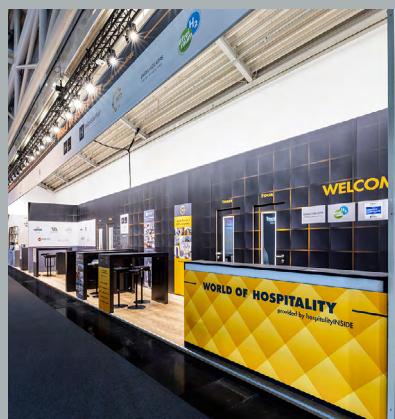

Meeting rooms

We will be setting up meeting areas again in 2025. These can be booked individually. The exhibitor packages include premium slots for this purpose, but if capacity is available, first come - first served applies.

The main stand is designed like a marketplace, the co-exhibitor tables are located directly on the corridor, and a bar area inside the stand is available to exhibitors for informal discussions with customers and exhibitor colleagues.

The stand includes a reception, storage for advertising materials and a full range of technical equipment. A large, well-equipped kitchen and a professional catering team are the basis for a smoothly running service at the stand.

All working spaces...

...have power connections, and the stable internet can be used via the stand's own Enterprise Solution. A substructure container is available on request.

A monitor can be attached to the workstations.

This is a workstation as you have known it until now.

New 2025!

A small bar table can be placed at the front of the workstation, while at the back you have the choice between a bar table or a sit-stand table, each of course with matching seating.

INDIVIDUAL STANDS in the World of Hospitality

Customised:
more space for your
corporate design

The individual stands ranging from 8 to 28 sqm offer you the opportunity to stand out at the trade fair with your corporate design, but with little preparation effort.

HospitalityInside will take care of all technical and organisational measures for your stand and provide you with a basic stand that you can design and furnish with your own furniture (or rental furniture). TV on request.

Here, too, you benefit from the network, infrastructure and all the services of the World of Hospitality, completely in your design.

**The individual stand -
completely customisable
with full cost transparency!**

New for 2025! 8 sqm for you and your meetings

A counter in the aisle for the reception, seating and a table, the side panels can be printed according to your design.

You will find a sketch on page 10.
